

The Wisconsin Department of Tourism recognizes the growth potential of the sports marketing niche as an economic driver in the state. It's an especially competitive segment of tourism – attracting amateur and professional sports events. It is also a lucrative and growing segment. To assist destinations in securing competitive sporting events that require an upfront cash or financial commitment, we offer a unique sports partnership program.

The purpose of the fund is to assist destinations as they bid for national or Midwest regional competitive sporting events that generate hotel overnights and a significant economic impact for the area where they'll be held. Examples include, but are not limited to, NCAA AAU tournaments, baseball/softball tournaments, rodeos, sailing, drum and bugle corps competitions, hockey, basketball, triathlons, marathons, snowmobiling and skiing. Sports camps are not considered a competitive event.

- Events that have been previously hosted in Wisconsin will be considered for grant funding based on the competitive nature of the bid, as well as prior event evaluation and documented economic impact
- Grant funds may not be used for the purchase of alcoholic beverages or other items deemed inappropriate for the use of state funds

- To be funded, the application must be received at least 90 days before the event
- 70% of the award amount will be paid to the applicant directly from the Department of Tourism following receipt of a signed contract, and when the Department receives documentation that the event has been awarded to the destination
- The remaining 30% will be paid to the applicant upon submission of an approved post-event evaluation no later than 90 days after the event has concluded
- If event for which the grant is approved fails to materialize, a full reimbursement of paid-out grant funds must be made within 30 days of officially cancelling the event.
